

GRYN TECH SDN BHD

THE UPRISING ESG TECH COMPANY

Welcome to the inspiring world of 3DTap (Tap.Connect.Impress), where our biodegradable smart cards have become a symbol of sustainable networking and success. In a world where innovation and sustainability go hand in hand, we stand out as a pioneer in reshaping the way we exchange information.

Founded with a clear vision to revolutionize business interactions and reduce paper waste, 3DTap has transformed the traditional concept of business cards. Our mission is simple yet profound: to create a greener future while empowering individuals and businesses to make a lasting impact.

With an unwavering commitment to sustainability, 3DTap provides a range of cutting-edge products and services. Our biodegradable smart cards eliminate the need for paper and serve as a conversation starter, fostering meaningful connections during every networking opportunity. Besides that, armed with tech experts with over 2 decades of experience, we can integrate our biodegradable smart cards into organizations office ecosystems i.e. attendance tracking & access control to name a few.

So, why do customers choose 3DTap? It's because they recognize the power of aligning their brand with sustainable values. By opting for 3DTap's innovative solution, individuals and organizations demonstrate their dedication to environmental responsibility, making a statement that echoes beyond the boardroom.

Ready to embark on your sustainable networking journey? Connect with 3DTap today via sarah@3dtap.com to experience their exceptional products and learn how you can join the movement towards a greener, more connected future.

What sets 3DTap apart from the rest? Our unique selling proposition lies in our relentless pursuit of quality, innovation, and customer satisfaction. Each 3DTap card is meticulously crafted to ensure a seamless user experience and a lasting impression that leaves a positive mark on both people and the planet.

But 3DTap's goals extend beyond our remarkable products. We aspire to be catalysts for change, inspiring others to embrace sustainability and adopt eco-friendly practices. With every successful implementation of our smart cards, 3DTap aims to make a tangible difference in reducing paper waste and fostering a more sustainable Malaysia via Animal Projects & Environmental Education (APE). Each card implemented contributes to another tree in the reforestation effort in Sungai Kinabatangan, home of the Bornean Orangutan and Borneo Pygmy Elephants.
