

**ZHES ENGINEERING**

# THE OUTSTANDING ENGINEERING ENTREPRENEUR

## Founder and Ceo of Zhes Engineering

Zhes Engineering (M) Sdn. Bhd is a prominent engineering company founded in 2019 by a team of highly skilled industry experts with extensive experience in consultancy and engineering services for clients within the Palm Oil Industry. With a combined experience of over 30 years, the team at Zhes Engineering is dedicated to providing innovative solutions and top-notch services for Palm Oil Mills.

Zhes Engineering has earned a stellar reputation throughout Malaysia, Thailand, Indonesia, the Philippines, and South America for their expertise in installing efficient, profitable, and environmentally conscious Palm Oil mills. Their commitment to excellence and sustainability sets them apart in the industry.

One of the core services offered by Zhes Engineering is the manufacturing of premium spare parts for Palm Oil mills. These spare parts are available for individual purchase or as a set, ensuring the best compatibility and minimizing wear and tear. By utilizing these high-quality spare parts, clients can enhance the performance and longevity of their machinery.

In addition to manufacturing spare parts, Zhes Engineering provides comprehensive installation and commissioning services. Their team of experienced engineers is well-equipped to handle the installation process, saving valuable time for clients and ensuring that the parts operate smoothly from day one. By relying on Zhes Engineering's expertise, clients can have peace of mind knowing that their Palm Oil mills will be up and running efficiently in no time.

To ensure the ongoing performance of the machinery, Zhes Engineering offers a range of servicing and maintenance packages. These packages are designed to minimize downtime and keep the machinery running smoothly. By availing these services, clients can optimize their operations and maximize productivity, ultimately leading to increased profitability.

# THE PALM OIL EXPERTISE

## THE OUTSTANDING ENGINEERING ENTREPRENEUR

Moreover, Zhes Engineering understands that some clients prefer to handle maintenance in-house. Therefore, they provide comprehensive training programs to enable clients' teams to service and repair the machinery to the same high standard as their own engineers. This commitment to knowledge transfer ensures that clients have the necessary skills and expertise to maintain their Palm Oil mills effectively.

Overall, Zhes Engineering (M) Sdn. Bhd is a trusted partner for clients in the Palm Oil Industry. With their extensive range of solutions and services, including manufacturing premium spare parts, installation and commissioning, servicing and maintenance, as well as training programs, they are well-equipped to meet the diverse needs of their clients. By choosing Zhes Engineering, clients can benefit from the expertise and experience of a team that is dedicated to delivering efficient, profitable, and environmentally conscious solutions for Palm Oil mills. Their tagline: Quality is at the heart of what we do
