

Jade Garden Seafood Corner has been a beloved family restaurant since its establishment in 1998. Nestled at the southernmost end of Johor, Malaysia, this restaurant has proudly maintained its single outlet over the past two decades. What began as a small-scale eatery occupying three shop lots has grown into a grand establishment thanks to the vision and dedication of its founder. With an investment of 40 million Malaysian Ringgit, Jade Garden underwent significant expansion, including a remarkable land reclamation project spanning 8 acres. In 2014, the restaurant relocated to its current location, a stunning sea-view establishment that can comfortably accommodate more than 400 customers. Additionally, the restaurant boasts a spacious hall for hosting private events, ranging from weddings and company functions to special banquets.
