

# AN IMMERSIVE CULINARY EXPERIENCE

*LESUNG*  
AUTHENTIC MALAYSIAN CUISINE

Nestled in the dynamic heart of Ho Chi Minh City, where the streets buzz with life and the aroma of street food fills the air, lies a true culinary treasure: Lesung. Far beyond being just a restaurant, Lesung is an immersive experience, a sensory voyage that transports diners to the very soul of Malaysia, where each dish is a harmonious symphony of flavors and every spice whispers tales of tradition and love.

The name "Lesung" carries a deep significance. In Bahasa Melayu, the language of Malaysia, it means "mortar and pestle." This humble yet powerful tool is at the core of Lesung's culinary philosophy. For Chef Eden Daus, affectionately known as Lesung's Atuk, the batu lesung is more than just a kitchen utensil. It's a cherished heirloom, a 150-year-old relic passed down from his grandmother, embodying the heritage and memories of countless generations. It symbolizes the art of transforming fresh herbs and spices into vibrant, heartwarming dishes that have been the centerpiece of family gatherings for centuries.

## THE RISING AUTHENTIC MALAYSIAN CUISINE ( VIETNAM )

Lesung's creation is a testament to the bond between lifelong companions and a shared dream. Arieff Yong, a Malaysian comedian and content creator, ignited the spark for Lesung during a casual conversation with Eden over a bowl of che Thai in Saigon. His words resonated with Eden, inspiring him to honor his roots and contribute to the rich culinary tapestry of Saigon. Together with Tommy, who shared the same vision since their days studying in Malaysia and with the invaluable support of Chef Vo Quoc, Lesung was born on a piece of land gifted by the celebrated chef who understood the pride and passion of cooking one's native cuisine.

Lesung stands as the first authentic Malaysian restaurant in Vietnam, embodying the spirit of Malaysia through its exquisite dishes and warm hospitality. Our vision is to become the most renowned Malaysian dining destination in Vietnam, where every guest is treated to a luxurious yet accessible culinary experience that offers unparalleled value. We pride ourselves on being a Muslim-friendly establishment that blends modern design with authentic architectural elements, providing a unique cultural journey for every visitor.

At Lesung, our goal transcends borders. We aspire to elevate Malaysian cuisine onto the international stage, sharing the richness of our culinary heritage with the world. Through every dish we serve, we celebrate the flavors of Malaysia, inviting guests to savor a piece of our culture, one bite at a time.
