

THE ICONIC PHOTOGRAPHER

Zung Ninja is a renowned photographer who has captured the hearts and imaginations of people around the world with his extraordinary talent. Born and raised in a humble fisherman family, Zung's journey to success was not without its challenges. At the age of 18, he experienced a devastating loss when his sister passed away, plunging him into a state of depression. Despite the hardships he faced, Zung persevered and pursued his passion for photography.

Without any formal education in photography or the arts, Zung founded THE PHOTOZ at the young age of 24. Over the past decade, he has emerged as the favorite photographer among high society and royalty in Malaysia. His impressive clientele includes the families of prime ministers, royalty, Tan Sri, and esteemed individuals such as Anthony Robbins, The World No.1 peak performance speaker.

What sets Zung apart is his unique and unparalleled global experience. He holds the distinction of being the only photographer in Malaysia, and perhaps the world, to have captured weddings on six continents and in over 30 countries. From photographing Donald Trump in California to capturing the essence of the Dalai Lama in Melbourne, Zung has crossed paths with notable figures worldwide. His remarkable journey has taken him on extensive assignments spanning six weeks, six cities, and six continents, covering a staggering distance of 60,000 kilometers.

Zung's passion for photography knows no boundaries. He embarked on a captivating adventure, starting with a photo assignment in Antarctica, the South Pole, for a Swedish explorer in 2012. One hundred days later, he found himself shooting the midnight sun in the Arctic Circle, near the North Pole. His extraordinary accomplishments have earned him accolades, including the prestigious title of "Photographer of the Year" awarded by WPPM.

MOST SOUGHT-AFTER PHOTOGRAPHER

Beyond his professional achievements, Zung is committed to making a positive impact on society. He actively engages in charitable endeavors, from improving school conditions in Zambia, Africa, to supporting Burmese refugees through the "Beauty and Hope" photo shoot. Zung's photographs have also been sold for significant amounts, with proceeds going to causes such as Hospice.

Driven by a deep-rooted belief in the potential of children, Zung aspires to inspire and empower disadvantaged youth to dream big. Through his talks and experiences, he shares his humble background and encourages youngsters to believe in themselves, work hard, and realize their dreams. Zung sees education as more than just formal schooling, especially for less fortunate children, and aims to instill hope and a sense of possibility within them.
